Inside this catalogue

A concise guide to our company, commercial process and Plant Nutrition portfolio

01 COMPANY PROFILE 03
Who we are and the role we play

02 HOW WE WORK 04
From inquiry and selection to shipment

01 MINERAL NUTRIENT SALTS 05–06
- Manganese Sulfate Monohydrate
- Magnesium Sulfate Anhydrous
- Calcium Nitrate
- Magnesium Nitrate
- Manganese Carbonate

02 CHELATED MICRONUTRIENTS 07–08
- EDDHA FE-6
- EDTA Manganese
- EDTA Iron
- EDTA Copper
- EDTA Zinc

03 AMINO ACID PRODUCTS 09
- Plant-Based Amino Acid 45%

04 ORGANIC AND SPECIALTY INPUTS 10
- Potassium Humate

Product pack visuals are illustrative; confirmed unit and size are stated in the quotation.

ABOUT ADENOR GLOBAL

Connecting products with markets

An international trade and commercial coordination company

A clear route from selection to shipment

ADENOR GLOBAL connects selected agricultural products with international buyers. We coordinate product selection, commercial offers, order documentation and shipment processes around each order.

OUR ROLE

01 Product portfolio

A curated range presented by product family.

02 Commercial coordination

Product, quantity, packaging and trade terms aligned for the offer.

03 Order documentation

Order documents coordinated with the parties involved.

04 Shipment coordination

Export and delivery steps coordinated through to dispatch.

ADENOR GLOBAL coordinates sourcing and international trade; manufacturing is handled by the respective suppliers.

HOW WE WORK

From inquiry to delivery

The commercial steps behind each product order

01

Inquiry

Product, required quantity, destination and timing.

02

Product match

Review the portfolio and confirm the requested specification.

03

Commercial offer

Align price, packaging, trade terms and delivery plan.

04

Order preparation

Coordinate order confirmation and required documents.

05

Shipment

Coordinate dispatch and shipment documentation.

01 · MINERAL NUTRIENT SALTS

Mineral Nutrient Salts · Part 1

Product profiles · Page 1 of 2

MINERAL NUTRIENT SALTS

Manganese Sulfate Monohydrate

Manganese(II) sulfate monohydrate (MnSO4·H2O)

DECLARED COMPOSITION
MnSO4·H2O 98% minimum

PRODUCT DETAILS
Manganese sulfate monohydrate for fertilizer use, including citrus.

APPLICATION
Fertilizer micronutrient; citrus is a listed crop use

PACKAGING 50 kg

MINERAL NUTRIENT SALTS

Magnesium Sulfate Anhydrous

Magnesium sulfate anhydrous (MgSO4)

DECLARED COMPOSITION
Purity 99% · MgO 32% · SO3 65.7% · Mg 18.9%

PRODUCT DETAILS
99% purity; water-soluble magnesium sulfate for fertilizer and industrial uses.

APPLICATION
Water-soluble magnesium source for fertilizer and industrial applications

PACKAGING 25 kg bags

MINERAL NUTRIENT SALTS

Calcium Nitrate

Calcium nitrate fertilizer

DECLARED COMPOSITION
Nitrogen (N) 15.5% · Calcium oxide (CaO) 26.5% · Calcium (Ca) 19%

PRODUCT DETAILS
Highly water-soluble calcium nitrate fertilizer.

APPLICATION
Fertigation, sprinkler irrigation, foliar spray and top-dressing

PACKAGING 25 kg bags

MINERAL NUTRIENT SALTS

01 · MINERAL NUTRIENT SALTS

Mineral Nutrient Salts · Part 2

Product profiles · Page 2 of 2

MINERAL NUTRIENT SALTS

Magnesium Nitrate

Magnesium nitrate hexahydrate

DECLARED COMPOSITION
Mg(NO3)2·6H2O 99.5% minimum · Magnesium (Mg) 9.25% minimum · Magnesium oxide (MgO) 15.5% minimum · Total nitrogen 10.85% minimum

PRODUCT DETAILS
Magnesium nitrate flakes used as a magnesium source for plant nutrition.

APPLICATION
Magnesium source for plant nutrition

PACKAGING 25 kg

MINERAL NUTRIENT SALTS

Manganese Carbonate

Manganese carbonate (MnCO3)

DECLARED COMPOSITION
Manganese carbonate (MnCO3)

PRODUCT DETAILS
Manganese carbonate used as a fertilizer additive.

APPLICATION
Manganese raw material and fertilizer additive

PACKAGING 25 kg bags

02 · CHELATED MICRONUTRIENTS

Chelated Micronutrients · Part 1

Product profiles · Page 1 of 2

CHELATED MICRONUTRIENTS

EDDHA FE-6

EDDHA-chelated iron fertilizer

DECLARED COMPOSITION
EDDHA-chelated iron (Fe)

PRODUCT DETAILS
EDDHA-chelated iron used to address iron chlorosis, including in alkaline soils.

APPLICATION
Iron nutrition for crops, including fruit trees, vegetables and ornamental plants

PACKAGING 25 kg bags

CHELATED MICRONUTRIENTS

EDTA Manganese

EDTA Manganese

DECLARED COMPOSITION
Manganese (Mn), chelated by EDTA

PRODUCT DETAILS
Chelated manganese source for crop micronutrient programs.

APPLICATION
Micronutrient supply in crop nutrition programs

PACKAGING 25 kg bags

CHELATED MICRONUTRIENTS

EDTA Iron

EDTA Iron

DECLARED COMPOSITION
Iron (Fe), chelated by EDTA

PRODUCT DETAILS
Chelated iron source for crop micronutrient programs.

APPLICATION
Iron nutrition in crop micronutrient programs

CHELATED MICRONUTRIENTS

EDTA Copper

EDTA Copper

DECLARED COMPOSITION
Copper (Cu), chelated by EDTA

PRODUCT DETAILS
Chelated copper source for crop micronutrient programs.

APPLICATION
Micronutrient supply in crop nutrition programs

PACKAGING 25 kg bags

CHELATED MICRONUTRIENTS

EDTA Zinc

EDTA Zinc

DECLARED COMPOSITION
Zinc (Zn), chelated by EDTA

PRODUCT DETAILS
Chelated zinc source for crop micronutrient programs.

APPLICATION
Micronutrient supply in crop nutrition programs

PACKAGING 25 kg bags

03 · AMINO ACID PRODUCTS

Plant-Based Amino Acid 45%

Plant-Based Amino Acid 45%

PRODUCT TYPE

Plant-based amino acid powder

FORM

Light brown powder

DECLARED COMPOSITION

Total amino acids 45% w/w

PRODUCT DETAILS

Plant-derived amino acid powder with 45% total amino acids.

APPLICATION

Plant nutrition; flowering and fruit quality

PACKAGING

25 kg bags

DOCUMENTS

Technical data sheet available upon request.

04 · ORGANIC AND SPECIALTY INPUTS

Potassium Humate

Potassium Humate

PRODUCT TYPE

Potassium humate (K-humate)

FORM

Water-soluble powder

DECLARED COMPOSITION

Humic + fulvic acids 80% w/w · Total organic matter 50% w/w · Water-soluble potassium oxide (K2O) 12% w/w

PRODUCT DETAILS

Water-soluble potassium humate powder with humic and fulvic acids.

APPLICATION

Soil application across greenhouse, fruit, vegetable, field and specialty crops

PACKAGING

25 kg bags

DOCUMENTS

Technical data sheet available upon request.
