

ABOUT ADENOR GLOBAL

Connecting Quality Products with Global Markets

ADENOR GLOBAL is an international trade and business solutions company focused on connecting selected products with customers across global markets. We combine customer-focused communication, commercial coordination and export process management to provide reliable and efficient solutions for our international partners.

In agricultural products and plant nutrition solutions, our role is to understand customer requirements, coordinate the appropriate product portfolio and manage the commercial process from inquiry to shipment.

International Trade

Global customer and market-oriented commercial development.

Product Portfolio Coordination

Selected products and solutions according to customer requirements.

Quotation & Commercial Management

Product, packaging, quantity and Incoterm-based quotation coordination.

Export & Shipment Coordination

Support throughout documentation, logistics and shipment planning.

HOW WE WORK

WHY ADENOR GLOBAL

Customer-focused approach

Clear commercial communication

Selected export portfolio

End-to-end coordination

Selected Fertilizer Portfolio

Export Catalog for International Markets

37 selected products across slow release, water-soluble, liquid, and support solutions.

Portfolio Overview

Selected Products for International Markets

This catalog presents 37 selected products, grouped according to the official product category structure and presented under ADENOR GLOBAL branding for export markets.

Product Category	Number of Products	Included Product Codes / Grades	Standard Packaging
 Slow Release Fertilizers	3	MAX-21; MAX-46 Granule; MAX-46 Prill	25 kg
 Drip Irrigation Fertilizers – NEOFERT Grades	5	15-30-15+ME; 16-8-24+ME; 18-18-18+ME; 20-20-20+ME; 7-7-40+ME	25 kg
 Drip Irrigation Fertilizers – Water-Soluble Powder NPK + ME	9	16-8-24 (2MgO)+ME; 10-10-40+ME; 12-40-12+ME; 17-7-21 (3MgO)+ME; 20-10-20+ME; 20-20-20+ME (NOP); 18-18-18+ME; 5-5-40+ME; 7-7-40+ME	25 kg
 Liquid Fertilizers – Part 1	9	UAN-32 (EDTA Chelated); VARIOAGRO UAN-32; AN-18; NITRO-20; ENLARGE POTASH; FLOWER GOLD; K-S; 3-24-0; COLORFUL	20 L / 25 kg / IBC
 Liquid Fertilizers – Part 2	9	10-10-10+ME; N-CALBOR; BORAMIN; ZINC; MN-ZN; MAGNESIUM; MOL 40; MOL 50; ROOT-50	20 L / 25 kg
 Acid & Organic Support	2	Nitric Acid; Amino Acid (Animal Origin)	25 kg / 20 L (23 kg)

Slow Release Fertilizers

Stabilized Nitrogen Solutions

Selected stabilized nitrogen grades for efficient nutrition and controlled nitrogen management.

MAX-21
Slow Release AS
DMPP stabilized nitrogen fertilizer

-  **Guaranteed Content**
 - Total Nitrogen (N): 21%
 - Ammonium Nitrogen: 21%
 - Ammonium Inhibitor: 0.8%
-  **Typical Use**
Drip irrigation and field applications
-  **Packaging**
25 kg

MAX-46 Granule
NBPT stabilized urea grade

-  **Guaranteed Content**
 - Total Urea Nitrogen (N): 46%
 - Urease inhibitor (NBPT): 0.069%
-  **Packaging**
25 kg

MAX-46 Prill
NBPT stabilized urea prill grade

-  **Guaranteed Content**
 - Total Urea Nitrogen (N): 46%
 - Urease inhibitor (NBPT): 0.069%
-  **Packaging**
25 kg

Liquid Fertilizers

Specialty Liquid Nutrition Solutions – Part 1

Liquid nutrition solutions designed to support modern farming practices and international supply programs.

Product	Packaging	Product Type or Short Note
UAN-32 (EDTA Chelated)	20 L (27.2 kg)	Urea ammonium nitrate solution
VARIOAGRO UAN-32	25 kg / IBC	Urea ammonium nitrate solution
AN-18	25 kg	Liquid nitrogen solution
NITRO-20	25 kg	Liquid nitrogen solution
ENLARGE POTASH	25 kg	Liquid organomineral NK solution
FLOWER GOLD	25 kg	Liquid organomineral NP solution
K-S	25 kg	Potassium thiosulfate
3-24-0	25 kg	NP fertilizer solution
COLORFUL	25 kg	Potassium solution

Liquid nutrition –
efficient and effective
plant nourishment

Multiple packing options –
20 L, 25 kg, IBC
